

As a family in Findlay, Ohio we find GREAT value in our regional K-LOVE service. It serves us well, even in our local community. I know that my children are always subjected to family-friendly programming. My little girls are positively affected by K-LOVE and I can rest assured that they are hearing programming that will help reinforce our efforts in raising them to be productive citizens. Neighbors and many at work are encouraged by the program. Young and old, alike, enjoy the program because the family oriented values reflected support the direction of our community leaders and families. Thank you for supporting K-LOVE and not displacing it by an LPFM broadcaster.
